

Director of Global Partners Report

Atlantic Wesleyan District Conference

July 10, 2025

Thank you for the privilege of being able to serve again this year as your District Director of Global Partners.

This year I have continued to maintain the GP Atlantic Website as a central point for accessing information about our various Atlantic District Missionaries. Thanks to Stefan Gilbert for doing the updates on the website.

I have been in communication with most of our mission personnel from the district. My desire is to serve as their liaison, as needed, between district churches and our GP personnel.

I had the opportunity to meet with several district pastors to discuss possible home team partnerships with either Global Partners or World Hope.

If your church is planning a short-term trip this year, please contact me. We can provide resources as well as promote your trip through [Globalpartners.ca](https://globalpartners.ca).

Just a reminder that all local church short-term trips should register with Global Partners. There are resources available from GP, and more importantly, it provides another layer of protection for those from our churches who are travelling overseas.

The impact that Atlantic District churches continue to have in the Majority World will only be known on the other side of eternity.

In January, I was privileged to serve as the Canadian Clergy delegate at the International Conference of the Wesleyan Church in Johannesburg, South Africa. What an incredible opportunity to join with Wesleyans representing the Global Wesleyan Church.

I've also met with national representatives from our Church in Bangladesh, as well as the team leadership, regarding our vision trip in February 2026. For more information visit, <https://globalpartners.ca/bangladesh>.

GP-Atlantic would love to partner with local churches on the adventure. There is something that your church can do to help change the world. Just reach out to me to discuss the possibilities that might be open to your church.

I look forward to continuing to serve both the district and our GP personnel in this capacity.

Respectfully submitted,

Rev. Denn Guptill

District Director of Global Partners
